Section 1.  Primary Purpose and Introduction

1.01 This document constitutes the Pension Plan for Eligible Employees of The Beacon Herald of Stratford, Limited. The primary purpose of the Plan is to provide lifetime retirement benefits for eligible employees of the Company who are employed on or after the effective date of the Plan for services rendered.

1.02 The plan as contained herein shall be applicable to Members who are in the employment of the Company on or after January 1, 1997; benefits in respect of a Member whose employment ceased prior to January 1, 1997 shall be determined in accordance with the terms of the Plan at the time of such cessation of employment, except as may be specifically provided herein.

1.03 The Company expects that the Plan shall meet the requirements of the Applicable Pension Laws and the Revenue Rules and the continued registration of the Plan under both Applicable Pension Laws and the Income Tax Act of Canada is a precondition for the Plan to become and remain operative.

1.04 Originally, the Company established a pension plan for all eligible employees of The Beacon Herald of Stratford, Limited effective July 1, 1971. The plan was funded in part by guaranteed annuities purchased from Mutual Life. The current plan was effective January 1, 1978 with guaranteed annuity benefits under the prior plan remaining with Mutual Life on a paid-up basis. Since that time, the plan has been re-written and amended several times, improving benefits for members.

Effective January 1, 1989, the plan was re-written to comply with the provisions of the Pension Benefits Act, 1987 of Ontario.

Effective January 1, 1992, the Plan was amended to improve benefits so that benefits in respect of all pre-1991 service would be based on the 1990 earnings or contribution levels, as applicable. In no case were benefits for any pre-1991 year reduced as a result of this amendment. In addition, ad hoc pension increases to existing pensioners were granted effective January 1, 1992.

Effective January 1, 1992, the Plan has been reissued to add the necessary provisions in order to bring the plan into compliance with changes to Federal Legislation.

Effective January 1, 1995, the Plan was amended to improve benefits so that benefits in respect of all pre-1995 service would be based on the 1994 earnings or contributions levels, as applicable. In no case were benefits for any pre-1995 year reduced as a result of this amendment. In addition, ad hoc pension increases to existing pensioners were granted effective January 1, 1995.
Effective January 1, 1997, the provisions of the Plan were amended and restated to:

a. include all amendments prior to January 1, 1997,
b. include all current applicable Federal and Provincial legislation,
c. change the plan formula to a 2% career average - updated to the average of members 1994 through 1996 earnings for service prior to 1997,
d. to provide for an ad hoc pension increase - for pensioners who were retired on January 1, 1997, their pensions are increased effective July 1, 1997 at the rate of 0.1% for each month retired to a maximum increase of 5%.
